

Miami Lakes Educational Center and Technical College

MANDATORY UNIFORM POLICY

All Post-Secondary Career Technical Education students will be required to comply with the following mandatory uniform policy.

The school uniform policy exists for the following reasons:

- **Safety** – To ensure that students are wearing the proper attire in the classroom to perform their assignments without the risk of injury.
- **Security** – To assist in the school’s security plan by being-able to identify students who have authorization to be on school property; as well as, identify the CTE program the student is registered in.
- **Career Readiness** – To ensure students meet the demands and expectations of the workforce industry.

Students are required to wear the following uniform associated with their respective program along with the school logo patch embroidered or ironed-on. See below:
