SECTION 1 – SCHOOL OVERVIEW

The mission of Miami Lakes Educational Center and Technical College (MLEC & TC) is to create a highly qualified future workforce by offering state-of-the-art academic, career and technical education to all generations within our community.

MLEC & TC has made meaningful contributions its immediate community as well as to other communities nearby. Representatives of the school participate in local chamber of commerce activities, business association functions and other community events. We are proud to say that the school receives outstanding support from the community in return.

When the school opened in 1976 with approximately four hundred students, it provided training in only sixteen program areas. Steady growth has resulted in continuous additions to program offerings and an expansion of the campus from two to six buildings.

Continuing its reputation for cutting-edge educational initiatives, MLEC & TC recently expanded to encompass a fully-accredited technical college offering a wide variety of programs including Licensed Practical Nursing, Medical Assisting, Dental Assisting, Cosmetology, Professional Culinary Arts and Hospitality, Heavy Equipment Operations Technician, Heating Ventilation Air-Conditioning/Refrigeration I, Major Appliance and Refrigeration Technician, CDL, Diesel Systems Technician, Electronic System Technician, Electrical and Instrumentation Technology , and many more. Programs vary in length from one to four trimesters and all lead to industry certifications. Various forms of federal, state, and local financial aid are available to those who qualify. MLEC & TC is accredited by the Council on Occupational Education (COE).

SECTION 2 – TIMELY WARNING AND EMERGENCY NOTIFICATION MEASURES

An important component of emergency/crisis operations and management is immediate, appropriate, and accurate messaging to specific stakeholders. When an emergency occurs, the need to deliver key messages to stakeholders, specifically parents and students, is critical to a smooth and seamless process. Communication should be proactive, responsive, and action oriented.

Miami-Dade County Public Schools (M-DCPS) Office of Communications manages the District's automated communications messaging system (Connect-ED), social media messaging, and media outreach/messaging – all methods the District uses to provide important information to parents, students, and our community of stakeholders.

All school personnel must be alert for possible criminal activity occurring on campus. Everyone should remain vigilant when moving about the campus, especially in the evenings. Unusual or suspicious persons should be reported to school security, school police, or school administrators who will then call 305-995 COPS. In the event that a student or staff witnesses a crime or emergency occurring, they are to immediately notify a member of the administrative staff school security, or notify the Miami-Dade Schools Police officer on campus officer. Students and staff may also call 911. In the event that a situation arises, either on or off campus, that, in the judgement of law enforcement and constitutes an ongoing or continuing threat, a campus wide warning will be issued via the intercom system by school administrator and the campus will be placed on lockdown "Code Red".

Moreover, School Board Policy 8410 - Critical Response/Emergency Procedures directs the Superintendent of Schools to establish annually a District Critical Incident Response Team (DCIRT). The DCIRT is responsible for assisting schools with emergencies/critical incidents as needed and coordinate District resources.

The Superintendent has developed and updates as needed a Critical Incident Response Plan (CIRP)/ Emergency Operations Plan (EOP) for all schools. The DCIRT, will be responsible for providing up-dates to the plan and training for school site administrators. Pursuant to Florida Statutes, the CIRP/EOP should be confidential and exempt from public record. Anyone with information warranting a warning should report the circumstances to MLEC & TC Administrative Office, by phone (305-557-1100) or in person at the Administrative Office located in the Building 3.

SECTION 3 – PREPARING THE ANNUAL DISCLOSURE OF CRIME STATISTICS

Persons should report crimes to the appropriate site administrator, security personnel and/or school police for the purpose of issuing a timely warning notice and inclusion in the annual crime statistics for that campus. The crime statistics for MLEC & TC are maintained and provided by the Miami-Dade Schools Police Department (M-DSPD) which has jurisdiction for all of the district's public schools. M-DSPD works closely with the Miami-Dade Police Department and other municipal police departments to respond to school incidents and emergencies as part of City Compacts and Memorandum's of

Understandings established with the numerous municipalities in Miami-Dade County Florida. Criminal incidents are reported to MDSPD which documents these incidents via the Police Offense Incident Reports. School administrators also document incidents using the District's Automated Incident Response System (AIRS) which archives and maintains a log of all major incidents for district schools.

Miami Lakes Educational Center and Technical College administration prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on our web site at miamilakes.edu. A hard copy of the report is also made available by request and is located in Student Services (Building 1) and Administrative Office (Building 3). This report is prepared in cooperation with statistics from the Miami-Dade Schools Police Department. Campus crime, arrest, and referral statistics are included in this report.

SECTION 4 – TECHNICAL COLLEGE ADMINISTRATIVE RESPONSIBILITIES

The school principal is responsible for the creation of the annual report. To report a crime, students and employees should notify school administrators, the on-campus police officer or dial 911. School administrators will notify Miami-Dade Schools Police Department at 305-995-COPS or dial 911. Students and employees may report a crime to the following MLEC & TC staff members:

Mr. Yaset Fernandez, Principal
 Mr. Gino S. Kennedy, Vice Principal
 Mr. Freddie Robinson, Assistant Principal
 Ms. Erica Evans, Assistant Principal

SECTION 5 – SECURITY OF AND ACCESS TO CAMPUS FACILITIES

During business hours, MLEC & TC is open to students, parents, employees, contractors, guests, and invitees. Miami-Dade Schools Police officers and/or school security monitors are present on both campuses all times during business hours. During non-business hours, access to all facilities is by key only to essential personnel.

Administration and other staff regularly report facility issues that may contribute to safety concerns. School administrators evaluate security issues such as landscaping, locks, alarms, lighting, communications, parking areas, etc. The administrator over facilities ensures that all issues are reported to Miami-Dade County Public Schools maintenance departments for prompt repair. Additionally, students and staff are surveyed regarding safety perceptions. These results are reviewed annually and adjustments are made as necessary.

All vendors engaged in maintenance of campus facilities must be cleared by Miami-Dade County Public School Operations. In addition, vendors must display their district issued identification card prior to entering the school.

To that end, School Board Policy 8475 - Criminal Background Screening of contractors ensures that non-instructional contractual personnel who are permitted access on school grounds when students are present, including contractual personnel whose performance of the contract is not anticipated to result in direct contact with students, and for whom any unanticipated contact would be infrequent and incidental, and those contractors who have access to or control of school funds shall be subject to a criminal background check.

For the purposes of this policy, a “contractor” shall mean any vendor, individual, or entity under contract with a school or with the School Board, but who is not otherwise an employee of the district. The term also includes any employee of a contractor who performs services for the board or school under the contract, as well as any subcontractor and other employees of the contractor. The district shall inform these individuals that they are subject to criminal background checks.

Further, every five (5) years following the initial entry into a contract with the board or a school in a capacity described above, each person who is so employed as a vendor, individual, or employee of a contractor with the Board must meet Level 2 screening requirements.

The information contained in the reports received is confidential. The district shall share information received as the result of the criminal background check with other school districts.

Identification on Badges

All contractors shall wear the required, state-created identification badge at all times while on school grounds. The badge must bear a photograph of the contractor and will be issued by the district after the district has verified that the contractor:

- A. is a resident and citizen of the United States or a permanent resident alien of the United States as determined by the United States Citizenship Immigration Service;
- B. is eighteen (18) years of age or older, and
- C. meets the statutory background screening requirements pursuant to State law and this policy.

The uniform, statewide identification badge will be recognized by the district and must be visible at all times that a contractor is on school grounds. The identification badge is valid for a period of five years. Any exemptions to this policy must be approved in writing by the Office of Employment Standards.

Violations

A contractor, who is present on school grounds in violation of this policy, and without a valid and approved exemption, commits a third-degree felony under F.S. 1012.32 punishable as provided in F.S. 775.082 or 775.083.

School Board Policy 8711 - Surveillance Systems, authorizes MLEC & TC to implement surveillance systems to monitor safety throughout its campuses.

SECTION 6 – ENFORCEMENT AUTHORITY OF SECURITY PERSONNEL

MLEC & TC adheres to School Board Policy 8480. Said policy authorizes the Superintendent of Schools to establish District security services, including School Police, which shall provide assistance in the following areas:

- A. prevention and detection of crime and the enforcement of the penal laws of this State as the violation occurs on or about the properties owned, leased, or controlled by the District,
- B. protection of students, staff members, and the school public,
- C. protection of school property,
- D. investigations of staff personnel,
- E. liaison with local law enforcement agencies,
- F. preventative and consultant activities in the areas of safety and security,
- G. assistance to other law enforcement agencies as specified in Mutual Aid Agreements provided for in F.S. 23.1225, and the
- H. enforcement of all traffic laws of this State when such violations occur on or about property or facilities under the control of the Board as provided for in F.S. 316.640.

The specific policies and procedures, requiring the organization and responsibilities of security services for the District, are found in the standard operating procedures and policies of the Police Department.

Eligibility

The Board shall employ school police officers according to F.S. 943.13. Any individual employed as a school police officer shall also meet any other requirements established by the Superintendent.

Commissioning

The Board may commission school police officers for the protection and safety of school personnel, property, and students within the District pursuant to the standard operating procedures and policies of the Police Department.

In addition to the school police and local municipalities departments, the technical college has uniformed security personnel that have the authority to ask persons for identification and to determine whether individuals have lawful business at the school. Safety and security personnel do not possess the arrest power over and above the average citizen. All crimes are promptly and accurately reported to site administrator and school police.

SECTION 7 – INFORMING STUDENTS AND EMPLOYEES ABOUT CAMPUS SECURITY PROCEDURES

Miami Lakes Educational Center and Technical College conducts a student orientation at the beginning of each trimester. At that time, the Miami-Dade County Public Schools Code of Student Conduct (Post-Secondary) and the MLEC & TC Student Handbook is shared with the students. All students are required to sign an acknowledgement that they have reviewed and understand these documents.

The annual disclosure of campus crime statistics is prepared by the M-DSPD in conjunction with School Operations, Adult Education and Technical Colleges, and is disseminated to all Miami-Dade County Public Schools Technical Colleges. Each technical college reviews all violations of law reported and works with Miami-Dade County Schools Police Department in the reporting, investigation and prevention of violations of the law which may occur on technical college property.

To that end, the “Emergency Operations Plan (EOP): Teachers Responsibilities” was produced to assist instructional staff in responding effectively and expediently to critical incidents or situations that may impact the well-being of MLEC & TC students, faculty, and staff. The document provides teachers with guidance in responding to events that may potentially impact student safety and security.

SECTION 8 – INFORMING STUDENTS AND EMPLOYEES ABOUT CRIME PREVENTION

The annual security report is located on the school’s website for students and staff members to review. Moreover, during orientation, students are provided with the Student Code of Conduct and are informed of safety strategies and recommendations. Similar information is presented to new employees. Crime prevention workshops and informational materials are provided to students, faculty, and staff throughout the school year.

SECTION 9 – MONITORING AND RECORDING THROUGH LOCAL POLICE AGENCIES OF CRIMINAL AGENCIES OF CRIMINAL ACTIVITIES OF WHICH STUDENTS ENGAGED OFF-CAMPUS

Miami Lakes Educational Center and Technical College does not have off campus locations for student organizations; therefore, it is not necessary to create a policy concerning the monitoring and recording through local police agencies of criminal activity in which students engaged at off – campus locations. MLEC & TC does not have off-campus housing facilities.

SECTION 10 – POSSESSION, USE AND SALE OF ALCOHOLIC BEVERAGES

MLEC & TC adheres to School Board Policy 8405 - School Safety - that ensures that the following procedures are in place for keeping schools safe and drug free:

- appropriate and effective school discipline policies that prohibit disorderly conduct, the illegal possession of weapons and the illegal use, possession, distribution, and sale of tobacco, alcohol, and other drugs by students;
- security procedures at school and during student commutes to and from school;
- prevention activities that are designed to maintain safe, disciplined, and drug-free environments;

- a code of conduct or policy for all students that clearly states the responsibilities of students, teachers, and administrators in maintaining a safe classroom environment.

The consumption of alcoholic beverages by students and staff is strictly prohibited and subject to the alcoholic beverage laws of the State of Florida and M-DCPS policy and regulations. Specifically, it is unlawful for any person to sell, give, serve or permit to serve alcoholic beverages to any person on school grounds. A violation of the proceeding may be cause for disciplinary action and criminal prosecution. The M-DSPD enforces all State underage drinking laws, as well as all Federal and State drug laws.

Miami Lakes Educational Center and Technical College does not sell alcoholic beverages. The institution does not condone, nor will it accept as policy, the possession, use, and/or sale of alcoholic beverages by students or staff on school grounds, during any and all class activities.

Per the M-DCPS Code of Student Conduct (Post-Secondary), possession, use, and sale of illegal drugs are level four behaviors and are serious acts of unacceptable behavior than level one, two, or three. Level Four behaviors are serious acts of misconduct and violent actions that endanger the health and well-being of others and/or damage property, and actions that threaten life.

Students found in violation of this policy will be recommended for dismissal from post-secondary program by school administrator. In addition, School administrator must contact Miami-Dade Schools Police Department and obtain a Schools Police Automated Reporting (SPAR).

SECTION 11 – POSSESSION, USE AND SALE OF ILLEGAL DRUGS AND ENFORCEMENT OF FEDERAL AND STATE DRUG LAWS

The possession, use, and sale of illegal drugs on school grounds or activities is prohibited and is governed by the Miami-Dade County Public Schools Code of Student Conduct, Miami-Dade Schools Police Department, and local law enforcement. As per the post-secondary Code of Student Conduct, possession, use, and sale of illegal drugs are level four behaviors and are serious acts of unacceptable behavior more than Level one, two, or three. They are serious acts of misconduct and violent actions that endanger the health and well-being of others and/or damage property, and actions that threaten life and therefore the students are recommended for dismissal from postsecondary program. School administrator must contact Miami-Dade Schools Police Department and obtain a Schools Police Automated Reporting (SPAR).

SECTION 12 – PREVENTION OF DRUG AND ALCOHOL-ABUSE

MDTC & TC adheres to School Board Policy 5530 - DRUG PREVENTION

Schools shall strive to prevent drug abuse and help drug abusers through educational means. “Drugs” are defined as:

- all dangerous controlled substances as designated and prohibited by Florida law;
- all chemicals which release toxic vapors;
- all alcoholic beverages;
- any prescription or patent drug, except those for which permission to use in school has been granted;
- anabolic steroids; and

F. any substance that is a “look-alike” of any of the above. The use, possession, concealment, or distribution of any drug or any drug-related paraphernalia, or the misuse of a product containing a substance that can provide an intoxicating or mood-altering effect or the misuse of any “over-the-counter” medications or substances are prohibited on school grounds, on school vehicles, and at any school-sponsored event.

The use, possession, concealment, or distribution of any drug or any drug-related paraphernalia, or the misuse of a product containing a substance that can provide an intoxicating or mood-altering effect or the misuse of any “over-the-counter” medications or substances are prohibited on school grounds, on school vehicles, and at any school-sponsored event.

A drug-free zone is established within 1000 feet of any facility used by the District for educational purposes.

Effective January 1, 2017, Switchboard Miami Programs, 211 Call Center, Helplines, and Family Counseling Services became JCS Helpline Services.

Students may call 211 Helpline Center for Drug and Alcohol Counseling and to receive referrals to local resources and support for individuals who need drug and alcohol counseling. Students may also visit:

http://www.miamidade.gov/assistance/drug_alcohol_counseling_services.asp

<http://jcsfl.org/services/switchboard-211/>

MLEC & TC uses the dissemination of information as well as both group and individual counseling in order to discourage and bring awareness to the harmful consequences of alcohol abuse and drug use. The school guidance counselors and district Office of Employee Assistance staff offer general guidance and referrals to alcohol / drug abuse community agencies to our faculty, staff, and students with alcohol or other drug-related problems in order to seek rehabilitation and treatment.

SECTION 13 – EDUCATIONAL PROGRAMS TO PROMOTE AWARENESS OF RAPE, ACQUAINTANCE RAPE AND OTHER FORCEABLE AND NON-FORCEABLE SEX OFFENSES

Federal and State Law require that the District report annually incidents which meet the statutory definition of violent criminal offenses that occur in a school, on school grounds, on a school conveyance, or at a school-sponsored activity, as well as those incidents that would be a Gun-Free Schools Act violation. School administrators will respond appropriately to all violations of the Student Code of Conduct, especially those of a serious, violent nature.

School administrator should be contacted and will contact Miami-Dade Schools Police Department if a sex offense occurs. The student may contact the police directly by calling 911. Per the M-DCPS post-secondary Code of Student Conduct, Sexual battery, sexual assault, dating violence, domestic violence and stalking are level four behaviors and are serious acts of unacceptable behavior than level one, two, or three. They are serious acts of misconduct and violent actions that endanger the health and well-being of others and/or damage property, and actions that threaten life and therefore the students are recommended for dismissal from postsecondary program.

To preserve evidence for the proof criminal offense, the accuser and the accused are entitled to the same opportunities to have others present during a disciplinary proceeding. Both the accuser and the accused shall be informed of the outcome of any institutional proceeding brought alleging a sex offense. This does not constitute a violation of the Family Educational Rights and Privacy Act. For purpose of this requirement, the outcome of a disciplinary proceeding means only the institution’s final determination with respect to the alleged sex offense and any sanction that is imposed against the accused.

In the event of an incident regarding a potential sex related crime on the school campus, the involved individuals should contact the School Administrator who will notify Miami-Dade Schools Police Department or the involved individuals may contact the police department directly by calling 911.

That being said, The School Board of Miami-Dade, FL does comply with all Federal laws to include requirements and regulations of the U.S. Department of Education. The Board maintains an educational and work environment free from all forms of discrimination and harassment, which includes Title IX of the Educational Amendments of 1972, the Violence Against Women

Reauthorization Act (VAWA) Public Law 113-4, and the Jeanne Clery Act (20 U.S.C. 1092(f), as amended. All schools authorized under the Title IV Higher Education Act of 1965 (HEA) must adhere to the above Federal requirements and policies.

Students and employees should refer to School Board Policy 5517- Anti-Discrimination/Harassment for additional information about Title IX or concerns on who to contact regarding this matter. School policies can be accessed at www.dadeschools.net under the School Board tab. The Board also prohibits dating violence, domestic violence, sexual assault, and stalking in compliance with VAWA, whether the offense took place in school or in a school related function or off campus.

Students and employees are encouraged to report to school administration if they are victims or suspect that someone is an alleged victim of such crimes. Schools will be required to pursue disciplinary proceeding in cases of alleged crimes that may include law enforcement officials in compliance with Federal, State, and local laws. All schools that are authorized under Title IX of HEA and participate in the Federal Student Aid Program must report and submit annual crime statistics as mandated by the Jeanne Clery Disclosure of Campus Policy and Campus Crime Statistics Act (Clery Act). The information will be posted on the school's website as part of the Consumer Information Mandate required of Title IV schools. Student and employees should also refer to School Board Policy 8405- School Safety for additional information on reporting school crime and violation of the Student Code of Conduct.

SECTION 14 – NOTIFICATION OF REGISTERED SEX OFFENDERS

MLEC & TC complies with School Board Policy 8470 - Notification of Registered Sexual Predators. As a public institution, the District is responsible for protecting its students. While physical protection does not extend beyond school grounds, any information that will help keep students safer must be disseminated. The purpose of including the school system in the notification protocol for sexual predators is to afford parent(s)/guardian(s) easy access to information that can enhance the safety of their children and the school system's students. All individuals designated as sexual predators pursuant to a written court order must register with the Florida Department of Law Enforcement.

Upon notification from School Police of any registered sexual predators living in Miami-Dade County, all District schools will send sealed letters to the parent(s)/guardian(s) informing them of the identity of the sexual predators residing in Miami-Dade County.

Law enforcement agencies must inform members of the community and the public of a sexual predator's presence. Within forty-eight (48) hours after receiving notification of the sexual predator's presence, the sheriff or chief of police of the municipality where the sexual predator temporarily or permanently resides shall notify each licensed day care center and District schools within a one (1) mile radius of the sexual predator's residence, with the name, address, physical description, and a photograph of each registered sexual predator residing in Miami-Dade County, as well as the circumstances of the sexual predator's offense, and whether the sexual predator's victim was a minor at the time of the offense.

In order to comply with the statutory forty-eight (48) hour notification requirement, the School Police will notify the District's School Operations of specific registered sexual predators, via electronic mail, within forty-eight (48) hours after receiving notification of the sexual predator's presence. The electronic mail notification will contain the name, address, physical description, photograph of each registered sexual predator residing in Miami-Dade County, as well as the circumstances of the sexual predator's offense, and whether the sexual predator's victim was a minor at the time of the offense.

District

- B. At the time of registration, new students are given a letter advising them on how to access information regarding sexual predators.
- C. As soon as the District School Operations has been notified of the presence of a specific registered sexual predator by the School Police, School Operations will inform all schools and all specific command staff from School Police of specific registered sexual predators residing in Miami-Dade County via electronic mail. Sexual predator notifications will be electronically transmitted (in PDF) file format. The electronic briefing will contain the photographs, physical descriptions, and known addresses of specific registered sexual predators.
- D. Once sexual predator notification has been transmitted to all schools, the principal at each school site is responsible for handling the sexual predator notification in the following manner:
 1. The principal at each school site is responsible for reading his/her electronic mail every day and ensuring that required action briefings are immediately acted upon.
 2. Upon receipt of the sexual predator notification, the principal will print a copy of the briefing attachment containing specific registered sexual predators.
 3. Subsequent to printing the sexual predator notification, the principal shall copy and distribute, the sexual predator notification along with the letter. The principal is responsible for notifying all parent(s)/guardian(s), faculty, staff, and the school resource officer if one is assigned to their school, via a sealed package.
 4. All sexual predator notifications transmitted via electronic mail through a School Operations required action briefing are not to be forwarded or distributed by any other method or persons, other than the procedures established in this guideline.
 5. Schools must keep all information sent by School Operations regarding sexual predator notifications in an updated binder secured in the main office. Any parent(s)/guardian(s) seeking information on a registered sexual predator shall be given access to this binder.
 6. If individual schools receive information regarding sexual predators from any source other than School Operations which includes any law enforcement agency, they shall forward such information to the to the Director of School Operations/Special Programs. They must not distribute this information to staff, parent(s)/guardian(s), or students.

- B. Anyone who has reason to believe that a parent/guardian or student is a registered sexual predator or offender at your school site, contact School Operations/Special Programs at 305-995-2710.

Moreover, in accordance with Florida State Statute 775.21 ("The Florida Sexual Predators Act") and Florida Statute 943.0435, convicted sex offenders in Florida must register with the Florida Department of Law Enforcement (FDLE) within 48 hours of establishing permanent or temporary residence. The FDLE makes information concerning the presence of registered sexual offenders/predators available to local law enforcement officials and the public. It is then the responsibility of the county sheriff or the municipal police chief to make required notification to all community members of the presence of predators (only) in a manner deemed appropriate by the sheriff or police chief. It is the responsibility of the county sheriff to notify the institution if an offender or predator is enrolled, employed, or carrying on a vocation at the institution. MDTC & TC is required to inform members of the campus community where to obtain information about such offenders/predators.

M-DCPS, School Operations, sends out a weekly briefing to all school Administrators regarding all registered sex offenders. This comes directly to the school Principal and Assistant Principal and is then disseminated to the staff/faculty and students.

Miami Lakes Educational Center and Technical College is required to inform members of the campus community where to obtain information about convicted sex offenders/predators in Florida. Any member of MLETC community who wishes to obtain information regarding sexual offender/predators in our area may refer to the FDLE website at www.fdle.state.fl.us, call 1-888-FLPREDATOR/ 1-888-357-7332), or utilize the FDLE website searchable database at <http://offender.fdle.state.fl.us>. SECTION 15 – EMERGENCY RESPONSE AND EVACUATION PROCEDURES

Fire/evacuation drills are conducted monthly. Diagrams of primary and secondary evacuation routes are posted in each occupied space next to the exit door clearly indicating, by contrasting color and number, each route of evacuation.

Any person can activate the nearest fire alarm pull station when discovering valid cause for a building evacuation. Additionally, students and staff may be notified by an administrator via public announcement system if an evacuation of the building/campus is deemed necessary.

The Superintendent of Schools annually establishes a District Critical Incident Response Team (DCIRT). The DCIRT is responsible for assisting schools with emergencies/critical incidents as needed and coordinate District resources. The Superintendent shall develop and update as needed a Critical Incident Response Plan (CIRP)/Emergency Operations Plan (EOP) for all schools. The DCIRT, will be responsible for providing updates to the plan and training for school site administrators. Pursuant to Florida statutes , the CIRP/EOP should be confidential and exempt from public record.

Miami Lakes Educational Center and Technical College participates in monthly emergency evacuation and response drills. Each drill is entered into the Emergency Drill Reporting System.

SECTION 16 – MISSING STUDENT NOTIFICATION

Miami Lakes Educational Center and Technical College cares deeply about the safety and well-being of everyone on its campus - every student, faculty member, staff member and/or visitor. The technical college considers the creation and maintenance of a safe and secure environment essential to a place where student learning is encouraged and supported.

In the case of an abduction or missing student, the school administrator calls 911 and the Miami- Dade School Police Department. The school-site Critical Incident Response Team will be mobilized. The team will obtain all relevant information, including those involved and witnesses. MDTC & TC will institute a Lockdown Procedure to secure the campus and turn over control to M-DSPD.
