For additional information about Title IX or any other discrimination/harassment concerns, contact the U.S. Department of Education Assistant Secretary for Civil Rights and/or Executive Director/Title IX Coordinator, Office of Civil Rights Compliance, 155 NE 15 Street, Suite P-104E, Miami, Florida 33132. Ph: 305-945-1500. E-mail: [ocr@ed.gov](mailto:ocr@ed.gov); Website: <http://titleix.ed.gov> (418)rights. The District also provides equal access to its facilities, as required by the Boy Scouts of America Equal Access Act.

## ➔ Program Outlook

The Automotive Collision Technology Technician program provides students with the technical knowledge and skills needed for employment as collision and refinishing technicians in the auto body repair industry. Instruction includes a combination of classroom theory and practical experience. This program is certified by the National Automotive Technical Education Foundation (NATEF). Students are eligible to join SkillsUSA.

## ➔ Length of Program

The average length of this program is 1400 hours (approximately 16 months) for adults attending full-time. Actual time is dependent upon enrollment status (full-time/part-time) and the length of the time the student requires to achieve competencies. This program contains several occupational completion points designed to prepare students for various entry level jobs within this occupational area.

## ➔ Entrance Requirements

Students must be at least 16 years old and not attending high school, application, and interview by a guidance counselor. Fees for supplies and textbooks are required.
