The District also provides equal access to its facilities, as required by the Boy Scouts of America Equal Access Act.

## Program Outlook

The objective of the Automotive Service Technology program is to provide quality educational training designed to meet the current and future needs of the automotive service industry. To accomplish this, the following guidelines are established: assist students to choose, prepare for, enter, and be gainfully employed in the automotive field; offer a program which emphasizes sound fundamentals while responding to the needs of this particular industry; provide courses to meet current and specific needs of the student and this industry.

## Length of Program

The average length of this program is 1800 hours (approximately 1 year and 8 months) for adults attending full-time. Actual time is dependent upon enrollment status (full-time/part-time) and the length of time the student requires to achieve competencies. This program contains several occupational completion points designed to prepare students for various entry level jobs within this occupational area.

## Entrance Requirements

Students must be at least 16 years old and not attending high school, application, and interview by a guidance counselor. Fees for supplies and textbooks are required.
