➤ Program Outlook

The Electronic Systems Technician program provides students with the technical knowledge and skills for employment as service, assembly, and/or installation technicians in the Electronic industry. Instruction includes a combination of classroom theory and practical experience.

The program also offers supplemental training for persons previously or currently employed in Electronic occupations. Students are eligible to join SkillsUSA.

➤ Length of Program

The average length of this program is 900 hours (approximately 12 months) for adults attending full-time. Actual time is dependent upon enrollment status (full- time/part-time) and the length of time the student requires to achieve competencies.

➤ Entrance Requirements

Students must be at least 16 years old and not attending high school, application, and interview by a guidance counselor. Fees for supplies and textbooks are required.
