MEDICAL ASSISTING

Program Objective

The objective of the Medical Assisting Program at Miami Lakes Educational Center and Technical College is to ensure job readiness by providing state-of-the-art theory and clinical training using competency-based curriculum.

Program Content

The program's educational goal is "to prepare competent entry level medical assistants in the cognitive (knowledge), psycho motor (skills), and affective (behavior) learning domains." "The Medical Assisting Program is accredited by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org) upon recommendation of the Medical Assistant Education Review Board (MAERB)."

Commission on Accreditation of Allied Health Education Programs 25400
U.S. Highway 19 North, Suite 158, Clearwater, FL 33763
(727) 210-2350 | www.caahep.org

Upon completion of the program, the student is eligible to take the national certification exam for CMA (Certified Medical Assistant) offered by the American Association of Medical Assistants or the RMA (Registered Medical Assistant) offered by the American Medical Technologists. Classroom and laboratory activities follow a competency based format where students establish their own learning pace based on their individual learning style. This allows for flexibility based on life-long experience and basic skills level achievement. When students have completed instruction and clinical practice in the classroom, they are placed in a medical office or appropriate clinical working environment for practicum experience.

Admission Requirements

- ▶ 16 years of age or older and not currently enrolled in any K-12 program
